Dear Chief Green,

Words can hardly express our gratitude and sincere thanks to all the firefighters who saved our canyon from utter destruction. We are so grateful for the rapid response from the crews which, I'm sure, made such a difference in putting the #158 fire out quickly last week.

The meetings to keep us informed made us feel involved and actually safer. I have lived in Echo subdivision for 39 years. We've never had a fire to equal this one. But because of you and your dedicated fireman, I can feel assured you will keep us safe in the future.

Most sincerely,  
Carol + Jim S.
