

Chief Green -

I would like to let you know on 5/12/04 your Paramedics from station 12 - Tony Rivera and Ray Nelson came to my rescue. I work as a food Cashier at the Stardust and became quite ill. They were called and arrived very quickly. They were very caring and comforting taking care of me. Kept me calm while taking care of me. I would appreciate it if you could please let them know I am now better, thanks to their help. Also Mike Ueber Security at Stardust and the 'Z' ambulance gentlemen that cared for me.

Thanks to all who helped me
Mary
