Dear Ms. Busch,

I would like to take this opportunity to say thank you for the firemen's presentation here at the Success By 6[®] Neighborhood Center. The clientele here at Ruby Thomas is very appreciative of the visit and tour of their fire truck. Everyone was thrilled with the professionalism the men displayed. The care with the young children was especially touching. You and the Clark County District Fire Department are to be commended for this highly successful collaboration. You are a definite value to this community.

Parent evaluation forms convey the parents' sentiments for the presentations. The parents here are most grateful to all of the community out-reach they received. Please let the members of your team know how appreciative the parents are for all that has been given to them.

The staff here at the center would also like to add a note of appreciation to you and the Clark County Fire Department with the scheduling of this event. We look forward to working with you again next year.

Sincerely,

Teacher Facilitator
