Dear Mr.  Green:

I am writing you to commend the efforts of two of your employees, Mr. Dan Weist and Mr. Ted Singer, who on May 03, 2004, responded to the jetway of an Alaska airlines flight to administer prompt medical attention to one of our Federal Air Marshals. The air marshal who was experiencing extreme chest pain and shortness of breath, is genuinely thankful for the attention and professionalism exhibited by your employees. Thanks in great part to your employees, our Seattle based air marshal is resting comfortably and recovering from his illness.

On behalf of the Federal Air Marshals Service, please pass along our sincere gratitude to your paramedics, Mr. Dan Weist and Mr. Ted Singer, their efforts were wholly appreciated.

Sincerely,  

David Knowlton,  
Special Agent in Charge,  
Immigration & Customs Enforcement,  
Federal Air Marshals Service
