

Sept. 15, 2004

To: Chief Earl Green -

I would like to thank the Firemen on Fire Truck #19 for putting out the fire of <sup>my</sup> car, which caught fire in Albertson parking lot, due to faulty mechanical work about 1 hr. previously.

The Firemen were collecting money for the M.D. Boot Drive at the intersection of Tropicana & Eastern on Sept. 3, 2004

Someone ran to the intersection & called for their help. They came immediately & put out the fire. I want to thank them for a tremendous job well done. They even put my ice cream in their ice chest to keep it cold. Beth G.

Thanks Again
